

LIPO 5 STACK

90 CAPSULES / 63,5g

Ultimate combination of 5 ingredients enhancing fat metabolism: citrus aurantium, guarana, mate, green tea and pepper extracts

Losing body fat is the main motivation for any people in fitness and endurance sports. But if you want to really lose fat and not only weight the only way to do that is to burn it in the muscle cell. For this purpose we developed Lipo 5 Stack to help you.

It must be clear that the ideal way is through a balanced diet combined with exercise in which there is a calorie deficit Lipo 5 Stack helps activate your fat metabolism through thermogenesis.

We only use natural plant extracts: mate tea extracts, polyphenols which protect your body, these plant extracts contain caffeine and synephrine. Synephrine is one of the most effective metabolism activators as its structure is very close to ephedrine, which is well known for speeding up the fat metabolism and suppressing hunger.

Caffeine and synephrine together also lead to thermogenesis, which means a slight increase in your body temperature and that has the effect that you burn more energy to maintain this level. You should use Lipo 5 Stack especially during periods of calorie reduced diets but not as a regular supplement.

INGREDIENTS

Mate tea extract, extract, gelatine (capsule), citrus aurantium extract, green tea extract, separating agent (magnesium salts of fatty acids, silicon dioxide), vegetable oil (palm oil), colouring agent (titanium dioxide, tartrazine*), black pepper extract (Bioper-ine).

ALLERGEN INFORMATION

May contain traces of gluten, lactose, soy and hen's egg protein.

RECOMMENDED CONSUMPTION

Dosage/Directions for use:

Take 2 capsules per day with a glass of water. 30 minutes before a meal and/or before workout. Do not exceed recommended daily consumption. Keep out of reach of children. Food supplements should not be taken as a substitute for varied and balanced diet.

*May affect children's activity levels and concentration.
